Dear Residents,

Please be advised that hydro jetting services will begin on Monday, January 26, as part of routine plumbing maintenance throughout the community.

This preventative service helps clear sewer lines and reduce the risk of blockages. During this time, residents may experience brief noise or minor service interruptions.

No action is required from residents at this time. We appreciate your cooperation and understanding while this maintenance is completed.

If you have any questions, please contact our office at 760-345-2449.

Thank you,
Rhonda.
