RD

Dear Owners & Residents - Please be reminded of section VII Pet Regulations of the Rules & Regulations, which state in part, "All dogs must be leashed at all times and under the resident's control within the Common Area."

Further,

We respectfully ask all dog owners to:

- Refrain from allowing dogs to urinate on concrete walkways
- Guide pets to appropriate areas, ideally toward the outer perimeter of the community
- Avoid repeated use of the same small areas, which can kill grass or plants and lead to costly replacement.

If your dog has an accident on a walkway, a simple and effective solution is to rinse the area with water. While not ideal, this is far better than allowing urine to accumulate without any effort to mitigate its effects.

Thank you,
Rhonda
